

CENTRIFUGAL CASTING

Stainless & heat resisting steels
Copper based alloys - Aluminium alloys

AERONAUTICS COMPONENTS

**Cut your costs
with centrifugally cast tubes**

LANDING GEARS

Rings and rough machined blanks
from 2^{1/2} " up to 15 " or more
(wall thickness per **your** requirements)

- in Aluminium Bronze: **AMS 4880, AMS 4881, CuAl11Fe5Ni5...**
- in Brass type **CuZn19Al6, UZ19A6**

Our references:

- SAFRAN
- REVIMA
- HUTCHINSON

ENGINES & BRAKING SYSTEMS

Rough machined blanks for housing rings, sealing housings...
Cast and machined to your requested dimensions

- in stainless steel type **X5CrNiCu17-4** etc...
- in Nickel based alloys type **Inconel®** etc...

**Cost saving / Easy machining
Dimensional stability**
