

DATA SHEET

LE PLEIN / with fridge

REFERENCE FB1003

Hot & Cold bottled watercooler which incorporates a fridge compartment, white color design with better components and a new compressor more efficient that increases cooling capacity, reduces energy consumption and is much quieter.

The **Anti overflow System** that is incorporated works with an internal buoy that avoids water overflowing when the dispenser tank capacity raises the adequate level, and the **drip tray** captures the water when the glass that is being filling overflows.

The **temperature controller** allows you to adjust it to your preferences, and the **hot water switch** allows you to turn it off by changing to natural water. The hot tap with childproof mechanism prevents the accidental burns. In addition, all tubes in contact with water are **stainless steel** which ensures that there is no migration into water at all.

Suitable for our PET bottles in all formats, from 11.8 to 20 liters with 5-gallon Cap.

- ✔ Cold & Hot water.
- ✔ Anti overflow System. (Made of ABS)
- ✔ Temperature controller and On/Off Switch.
- ✔ Hot tap with childproof mechanism. (Made of PP & Silicone)
- ✔ Refrigerant R134a environmentally friendly.
- ✔ All pipelines in stainless steel, without plastic taste.

LE PLEIN / with fridge

REFERENCE FB1003

Dimensions and weight

Total weight	19.275 kg
Width	31 cm
Depth	35 cm
Height	98 cm
Fridge measurements	32 cm x 24 cm x 18 cm

Characteristics

Cooling capacity	2 liters/hours
Heating capacity	5 liters/hours
Cold temperature	5°C - 10°C
Hot temperature	85°C - 95°C
Cold tank capacity	3.75 liters
Hot tank capacity	1.5 liters
Cold and hot power	85 W / 500 W
Voltage	230 V / 50Hz
Index of Electrical Consumption	56 W/hour
